INDEPENDENT AUDITOR'S REPORT

The Board of Commissioners
Belvidere Park District, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Belvidere Park District, Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Belvidere Park District, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The prior year comparative information has been derived from the District's 2021 financial statements and in our report dated August 17, 2022, we expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. In our opinion, the prior year comparative information presented herein as of and for the year ended December 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Belvidere Park District, Illinois, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Belvidere Park District, Illinois' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

• Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Belvidere Park District, Illinois' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Belvidere Park District, Illinois' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 12 and the Illinois Municipal Retirement Fund (IMRF) schedules, budgetary comparison information, and notes on pages 40 through 46 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Belvidere Park District, Illinois' basic financial statements. The supplementary financial information on pages 47 through 50 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the financial information on pages 51 through 53 but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

BELVIDERE PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
December 31, 2022
(Unaudited)

This section of the Belvidere Park District's Annual Financial Report presents our discussion and analysis of the District's financial activities during the year ended December 31, 2022.

FINANCIAL HIGHLIGHTS

-Net position and performance in total – The District's total net position at December 31, 2022 was \$16,771,586.

-Governmental activity summary – Net position for governmental activities increased by \$431,111 during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements include two kinds of statements, which present different views of the District: government-wide financial statements and fund financial statements. The basic financial statements also include notes to the financial statements.

Government-wide financial statements provide both short and long-term information about the District's overall financial status.

Fund financial statements focus on individual parts of the District government, reporting District operation in more detail than the government-wide financial statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by the required supplementary information section that further explains and supports the information in the financial statements.

In addition to all of the required financial statement elements, the District has provided detail on the non-major fund and additional supplementary information.

BELVIDERE PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
December 31, 2022
(Unaudited)

The following table summarizes the major features of the District's financial statements.

Description	GOVERNMENT- WIDE STATEMENTS	GOVERNMENTAL FUNDS STATEMENTS
Scope	Entire District government (except fiduciary funds)	Activities of the District that are not fiduciary such as culture and recreation
Required financial statements	-Statement of net position -Statement of activities	-Balance sheet -Statement of revenues, expenditures and changes in fund balances
Accounting basis	Accrual	Modified accrual
Measurement focus	Economic resources	Current financial resources
Type of assets & liability information	All assets and liabilities; both financial and capital, short and long-term	Assets expected to be used and liabilities that come due during the year or shortly thereafter; no capital assets
Type of inflow & outflow information	All revenues and expenses during the year regardless of when cash is received or paid	Revenues for which cash is received during the year or shortly thereafter; expenditures for goods and services that have been received and payment is due during the year or shortly thereafter

Government-Wide Statements

The government-wide financial statements are designed to be corporate-like in that all governmental activities are consolidated into columns, which add to a total for the Primary Government. The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to disclose bottom line results for the District and its governmental activities.

BELVIDERE PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
December 31, 2022
(Unaudited)

This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting and economic resources measurement focus.

The Statement of Activities is focused on both the gross and net cost of various activities, which are supported by the government's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services.

The governmental activities reflect the District's basic services, including administration, financial services, culture and recreation. Property taxes and charges/fees finance the majority of these services.

Fund Financial Statements

Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. The focus is on major funds, rather than fund types.

Governmental funds are presented on a sources and uses of liquid resources basis. This is the manner in which the budget is typically developed. Governmental funds provide a current resources (short-term) view that helps determine whether there are more or fewer current financial resources available to spend for District operations.

The Governmental Funds column requires reconciliation because of the different measurement focus (current financial resources/modified accrual versus total economic resources/full accrual), which is reflected on the page following each statement. The flow of current financial resources will reflect debt proceeds, proceeds from sales of capital asset disposals, and interfund transfers as other financial sources as well as capital outlay expenditures and debt principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the Governmental Activities column in the Government-Wide Statements.

Restricted	2,048,347	1,966,721
Unrestricted	3,775,863	3,388,729
Total net position	\$ 16,771,586	16,340,475

For more detailed information see the Statement of Net Position.

Current Year Impacts-Net Position

Overall, the District's net position increased by \$431,111 during the year to a total of \$16,771,586. Also, current assets are \$4,706,705 higher than current liabilities and deferred inflows of resources for property taxes.

BELVIDERE PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
 December 31, 2022
 (Unaudited)

Capital assets net of depreciation decreased by \$419,433. Long-term debt decreased by \$277,875 due to payments on the general obligation park bonds and alternate revenue bonds.

The total net position at December 31, 2022 was \$16,771,586. Approximately 65% of this amount is the investment in capital assets, net of the related debt. \$2,048,347 or approximately 12% is restricted for debt service and special revenue funds, which leaves approximately 23% or \$3,775,863 available for any purpose.

Statement of Changes in Net Position

(Unaudited)

Current Year Impacts-Changes in Net Position

Governmental Activities

Revenues:

Revenues from governmental activities total \$5,348,680 or an increase of \$293,335. Property tax was the largest source of revenues for the year at \$3,846,754. The next highest source of revenue was \$964,482 from charges and fees. The revenues from these two sources represent approximately 90% of the governmental activity revenues.

Expenses:

The District's total governmental activity expenses were \$4,917,569, an increase of \$596,556 or approximately 14%. Personnel costs including employee benefits were \$2,270,496. Personnel costs were 46% of the total expenses. Contractual services were \$957,216 or 19%, material and supplies were \$692,511 or 14%, and interest was \$73,078 or approximately 1% of the total expenses. Depreciation expense was \$924,268 or 19% of total expenses.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

At December 31, 2022, the governmental funds reported a combined net fund balance of \$5,272,375, an increase of \$517,649 in all major and non-major funds from the prior year. This increase is primarily attributable to an increase in charges & fees in the recreation and special recreation funds and an increase in corporate replacement taxes in the general fund.

Major Fund Budgetary Highlights

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At December 31, 2022, the District's Governmental Funds had invested \$35,113,569 in a variety of capital assets, as reflected in the following schedule. See Notes to Financial Statements #4 for more detail. The District's roads and bridges are contained within the parks and as such have been recorded as land improvements rather than infrastructure assets.

Long-term Debt and Liabilities

At December 31, 2022, the District owed \$5,831,368 in long-term liabilities. These liabilities consisted of \$1,189,000 in general obligation bonds, \$4,105,000 in general obligation refunding alternate revenue bonds, \$497,253 in unamortized bond premium, \$94 in IMRF net pension liability, and \$40,021 in compensated absences. During the year ended December 31, 2022, the District issued \$1,273,125 in new debt and retired \$1,646,784 on the outstanding debt. Overall, long-term debt decreased by \$373,659. See Notes to Financial Statement #5 for more details.

The aggregate indebtedness of the District is subject to a statutory limitation established by the State of Illinois at 2.875% of its equalized assessed value. At December 31, 2022, the District's aggregate indebtedness was \$15,802,131 less than the statutory limit of \$20,804,081. Also, the State statutes allow the District to issue general obligation bonds without submitting the proposition of the issue in a referendum. This limit is 0.575% of the equalized assessed value. At December 31, 2022, the District's general obligation debt was \$3,263,866 below this limit.

ECONOMIC FACTORS

The Belvidere Park District will realize an increase of \$35,112,513 in the Equalized Assessed Value in calendar year 2023 due to increased sale prices of existing homes, fewer foreclosures and new home construction. The Belvidere Park District's Equalized Assessed Value has now experienced its seventh increase since 2009. The District's property tax revenue is limited by tax caps, which limits the growth rate to 5% or the rate of inflation, whichever is less, plus the tax on assessed value of new property. Based on Public Act 94-976, the District will be able to levy and collect additional tax money on all capped funds.

BELVIDERE PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
December 31, 2022
(Unaudited)

The District anticipates an increase in the cost of labor as a result of annual pay increases, the level of participation in specific programs, the number of staff to maintain the properties the District owns, the cost of attracting/retaining staff in the current job climate, and cost of living increases. The District will be completing a compensation study to ensure that their rates of pay are competitive. Additionally, the Illinois State Legislature passed a bill with a graduated increase of the State Minimum Wage to \$15.00 per hour by 2025. The outcome of this bill will have a major financial impact on the District. Additionally, inflation has affected the operations of the District as the costs of goods and supplies have drastically increased.

It is estimated in the Bond and Interest Fund, the District will collect an estimated \$1,233,546 in tax revenue, a 5% increase for 2023, based on projected collections. The interest rate for the bond has drastically increased over the past years.

The Recreation Fund continues to be driven by the success of positive enrollment numbers in its school aged child-care program offerings (after school and summer camp).

The Special Recreation Fund is limited under tax caps to a tax levy of .04%. This Fund's tax collection will be increased by \$76,626, or 25%, in 2023 because of the increase in the certified rate allocated to this fund. Additionally, there was a \$50,000 shortfall on the tax levy for this fund in 2022 due to a clerical error by the Boone County Clerk's Office. This error should have been fixed with a prior year adjustment in 2023 but due to another error by the Clerk's office the prior year adjustment was not extended. The error is promised to be rectified now in 2024.

The William Grady Pool is now permanently closed due to major mechanical issues. The District was substantially subsidizing the operations of the pool with taxing dollars as it was a community benefit. With not subsidizing the operations, the District has been able to progress on other maintenance, development projects, and expansion/creation of certain programming. The funds saved by the District since the pool closure have been reallocated to carry out identified areas of need throughout the parks, facilities, and programs. The community is engaged in the future of aquatic recreation. Based on the recommendations and support from the community, the District may need to pass a referendum in the future to fund a new aquatic feature or facility.

The District is engaged in a comprehensive plan to guide the future of planning and capital improvements district-wide which will be completed mid-year 2023.

There are some unknowns with taxes. The Stellantis Plant is the largest employer in the community. There is a possibility that they will be leaving the community and relocating the plant to another area. This has the possibility of having a large tax impact on the District of over \$100,000 a year, just for the plant's taxes alone. There is a concern that there may be ripple effects throughout the community due to suppliers for the plant leaving and residents relocating. More answers should be known in September 2023. On an encouraging note, there is quite a bit of effort and progress for new economic development in the community that will have a positive impact on the taxing dollars received by the District.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Jennifer Jacky, Executive Director, Belvidere Park District, 1006 W. Lincoln Ave., Belvidere, IL 61008.

BELVIDERE PARK DISTRICT, ILLINOIS
**Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures and Changes in Fund Balances to the
Governmental Activities in the Statement of Activities**

December 31, 2022

Net Change in Fund Balances - total governmental funds **\$ 517,649**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, they are capitalized and depreciated in the statement of activities:

Capital asset purchases capitalized	\$ 511,149	
Depreciation expense	(924,268)	
Proceeds received on sale of capital assets	(24,051)	
Gain or (loss) on disposal of capital assets	<u>17,737</u>	(419,433)

The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities.

GO bonds	1,170,000	
Alternate revenue bonds	<u>305,000</u>	1,475,000

The issuance of long-term debt is reported as an other financing source in the governmental funds but as an increase in outstanding principal in the statement of activities.

Bond issue proceeds		(1,189,000)
---------------------	--	-------------

The change in the net pension liability for the Illinois Municipal Retirement Fund is reported only in the statement of activities.

(1,458,580)

The change in deferred inflows and outflows of resources for the Illinois Municipal Retirement Fund is reported only in the statement of activities.

1,410,434

Some expenses in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Change in compensated absences payable	(8,031)	
Change in accrued interest expense	5,083	
Change in deferred charge on refunding	(2,205)	
Amortization of bond premium	<u>100,194</u>	<u>95,041</u>

Change in net position of governmental activities **\$ 431,111**

The notes to the financial statements are an integral part of this statement.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Belvidere Park District, Illinois (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

- A. The District was organized in 1919. The District operates under the Submerged Lands Statute of 1895 to acquire, develop and manage park and recreation lands and facilities. The District is a separate, autonomous, special purpose-taxing district governed by a five member elected Board of Commissioners. The District is a primary unit of government as defined by GASB-14. The District is not financially accountable for any component units or other entities.

B. Financial Reporting Entity

Generally accepted accounting principles require that the financial reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

C. Fund Accounting

The District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: government and fiduciary. Each category, in turn, is divided into separate fund types.

Governmental funds are used to account for all or most of the District's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of capital assets, the servicing of long-term debt and the management of funds held in trust that can be used for governmental services (permanent fund). The general fund is used to account for all activities of the general government not accounted for in some other fund.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. The effect of material inter-fund activity has been eliminated from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degrees to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items properly not included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Fiduciary funds are presented for certain activities when the District's role is that of trust or agent. While fiduciary funds represent trust responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government.

Major individual governmental funds are reported as separate columns in the fund financial statements. The District reports the following major governmental funds:

The General Fund accounts for all financial resources except those required to be accounted for in another fund. Generally, this fund is used to record the revenues and expenditures in connection with the general administration and maintenance activities.

The Recreation Fund accounts for the proceeds of specific revenue sources that are legally restricted or intended for specified purposes.

The Special Recreation Fund accounts for the proceeds of specific revenue sources that are legally restricted or intended for specified purposes.

The Bond & Interest Fund accounts for the accumulation of legally restricted resources for, and payment of, long-term debt principal, interest and related costs.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Government-Wide and Fund Financial Statements (Continued)

The Alternate Bond and Interest Fund accounts for the accumulation of legally restricted resources for, and payment of, long-term debt principal, interest and related costs.

The Capital Projects Fund accounts for major capital expenditures.

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues and additions are recorded when earned, and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants, contributions and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, generally 60 days. The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on long-term debt are recorded as expenditures when due.

Those revenues susceptible to accrual are property taxes and interest revenue. Charges and fees revenues are not susceptible to accrual because generally they are not measurable until received in cash. In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidelines.

Monies that are virtually unrestricted as to purpose of expenditure, which are usually revocable only for failure to comply with prescribed compliance requirements, are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met. The District reports deferred inflows of resources on its financial statements for property taxes, levied in the current year to finance the subsequent year's budget, since they do not meet both the "measurable" and "available" criteria for recognition in the current period.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Unearned revenue may arise when resources are received by the District before it has a legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures, and therefore do not meet the “earned” criteria for revenue recognition in the current period. In subsequent periods, when the revenue recognition criteria is met, or when the government has a legal claim to the resources, the deferred inflows of resources or the liability for unearned revenue is removed from the financial statements and revenue is recognized.

F. Cash and Cash Equivalents

The District considers all cash on hand, demand deposits and short-term investments with a maturity of three months or less when purchased to be cash and cash equivalents.

G. Investments

Investments with a maturity of one year or less and all non-negotiable certificates of deposits are recorded at cost or amortized cost. All other investments are recorded at fair value. Fair value is determined based primarily on the basis of quoted market prices.

H. Prepaid Expenses

If there are certain payments to vendors that reflect costs applicable to future accounting periods, they are recorded as prepaid items in both government-wide and fund financial statements.

I. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Property Taxes

The District annually establishes a legal right to revenue from property tax assessments upon enactment of a tax levy ordinance by the District Board. Property taxes are recognized as a receivable at the time they are levied. Revenue from property taxes is recognized as the taxes are collected in the year intended to finance or when they become available to be used to pay liabilities of the current period, generally considered to be within sixty days after year end. Revenue from those taxes which are not considered available is reported as a deferred inflow of resources.

The property tax calendar for the 2021 tax levy was as follows:

Lien Date	January 1, 2021
Levy Date	December 14, 2021
First Installment due	June 1, 2022
Second Installment due	September 1, 2022

Tax bills were mailed at least 30 days prior to the first installment due date. Property taxes are billed and collected by the County Treasurer of Boone County, Illinois.

The 2022 tax levy, which attached as an enforceable lien on property as of January 1, 2022, has been recorded as a receivable and as a deferred inflow of resources as of December 31, 2022 as the tax had been levied by the District but would not be extended or collected until calendar year 2023.

The District's 2021 tax rates per \$100 of assessed valuation together with the related maximum tax rates are as follows:

Type of Levy	Rate Per \$100 of Assessed Valuation	
	Rate	Legal Maximum
District		
General & SB 508	0.15654	0.35000
Bond & Interest	0.16408	none
IMRF	0.01414	none
Audit	0.00202	0.00500
Liability Insurance	0.01342	none
Social Security	0.01979	none
Museum	0.01387	0.07000
Recreation	0.11697	0.37000
Joint Handicap Recreation	0.03140	0.04000
Total District	<u>0.53223</u>	

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Capital Assets

Capital assets, which include property, plant, equipment and vehicles, are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land Improvements	10-15
Building & Improvements	10-39
Equipment, Software, & Vehicles	5-10

L. Compensated Absences

Employees earn vacation based upon their length of service. Such pay is expensed when paid by the District. In the event of termination, an employee is paid for accumulated vacation days. The total liability for these compensated absences will be payable from future resources and is accounted for in the government-wide financial statements.

M. Fund Equity/Net Position

Fund balances for the governmental funds are reported in classifications that comprise a hierarchy based on the extent to which the government honors constraints on the specific purposes for which amounts in those funds can be spent.

The non-spendable classification contains amounts not in spendable form or legally or contractually required to be maintained intact.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Fund Equity/Net Position (Continued)

Restricted amounts contain restraints on their use externally imposed by creditors, grantors, contributors, or law or regulation of other governments; or imposed by law through constitutional provisions or enabling legislation. The District reports restricted fund balance amounts for the debt service fund and special revenue funds imposed by tax levies. The general fund also reports certain restrictions imposed by tax levies.

Committed amounts can only be used for specific purposes imposed by formal action of the government's highest level of decision-making authority. The highest level of decision-making authority is the District's Board of Commissioners, and it takes an ordinance, resolution, or formal vote of approval to establish, modify, or rescind a fund balance commitment. Capital projects fund balances are reported as committed based on the Budget & Appropriation Ordinance.

Amounts intended to be used for specific purposes are assigned. Assignments should not cause deficits in the unassigned fund balance. The District did not have any assigned fund balances at the end of the year.

Unassigned fund balance is the residual classification for the general fund and is used for any deficit fund balances.

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, and then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use, the District uses committed resources first, then assigned resources, and then unassigned resources as they are needed.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the book value of capital assets less any long-term debt issued to acquire or construct the capital assets. All other net position that does not meet the definition of "restricted" or "net investment in capital assets" is classified as unrestricted net position.

N. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires deposits to be secured by collateral at least equal to 102% of the deposit principal and any accrued interest less the amount of the Federal Deposit Insurance Corporation's insurance.

Deposits of the District are insured or collateralized with securities held by the Federal Reserve Bank, by another custodial bank, or by an escrow agent of the pledging institution. At December 31, 2022, the District's cash was held by local banks in demand deposit accounts and certificates of deposit with a combined book balance of \$5,527,213 and bank balances of \$5,648,455. The primary difference between book and bank balances was due to outstanding checks. Of the total bank balance, \$4,898,455 exceeded FDIC insurance limits and were exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 1,870
Uninsured and collateralized by securities held by the pledging financial institution	4,896,585
	<u>\$ 4,898,455</u>

Investment Policies

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investing is performed in accordance with the investment policies adopted by the Board of Commissioners. District funds may be invested in 1) direct obligations of the United States government, its agencies to the payment of which the full faith and credit of the government of the United States is pledged; 2) obligations of the Government National Mortgage Association, Federal National Mortgage Association, Federal Home Loans Mortgage Corporation, or any Federal farm credit bank, Federal land bank, or Federal home loan bank notes or bonds; 3) collateralized or insured certificates of deposit and other evidences of deposits at banks, savings banks, savings and loan associations, and credit unions in the State of Illinois; or 4) money market mutual funds.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's policy does not specifically address this risk.

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not specifically address the risks attributable to the concentration of credit risk.

5. LONG-TERM DEBT

The outstanding debt as of December 31, 2022 consists of the following individual amounts:

	<u>Balances 12/31/2022</u>	<u>Current Portion</u>
G.O. Refunding Park Bonds Alternate Revenue Source, series 2020; Principal due Feb. 1, 2022 through 2032; Interest due Feb. 1 and Aug. 1; interest rate of 4.0%	\$ 4,105,000	325,000
G.O. Park Bonds, series 2022 issued for Debt Service and capital projects; Principal and interest due Dec. 1, 2023; interest rate of 3.54%	1,189,000	1,189,000
Unamortized bond premium	497,253	-
Net pension liability - IMRF	94	-
Compensated absences	<u>40,021</u>	<u>40,021</u>
Total outstanding debt	\$ <u>5,831,368</u>	<u>1,554,021</u>

The annual requirements to amortize each outstanding long-term debt at year-end consist of the following:

Year Ending December 31,	Park Bond Series 2022		GO Refunding Park Bonds (Alt. Rev.) Series 2020		Total Principal	Total Interest
	Principal	Interest	Principal	Interest		
2023	1,189,000	42,091	325,000	157,700	1,514,000	199,791
2024	-	-	340,000	144,400	340,000	144,400
2025	-	-	365,000	130,300	365,000	130,300
2026	-	-	385,000	115,300	385,000	115,300
2027	-	-	400,000	99,600	400,000	99,600
2028-2032	-	-	2,290,000	236,800	2,290,000	236,800
Total	\$ <u>1,189,000</u>	<u>42,091</u>	<u>4,105,000</u>	<u>884,100</u>	5,294,000	<u>926,191</u>
			Unamortized bond premium		497,253	
			Net pension liability		94	
			Compensated absences		<u>40,021</u>	
					<u>5,831,368</u>	

The December 31, 2022 compensated absences of \$40,021 are expected to be used/paid during 2023. Compensated absences are paid by the General, Recreation, or Special Recreation Funds.

The G.O. Refunding Bonds (Alt. Rev. source) Series 2020 will be paid from the Alternate Bond and Interest Fund (Debt Service). The G.O. Bonds Series 2022 will be paid from the Bond and Interest Fund (Debt Service).

5. LONG-TERM DEBT (Continued)

Long-term liability activity for the year ended December 31, 2022, was as follows:

	Beginning Balance	New Issues	Retired	Ending Balance
G.O. Bond, Series 2021	\$ 1,170,000	-	1,170,000	-
G.O. Bond, Series 2022	-	1,189,000	-	1,189,000
G.O. Refunding Bond, Series 2020	4,410,000	-	305,000	4,105,000
Unamortized bond premium	593,037	-	95,784	497,253
Net pension liability - IMRF	-	94	-	94
Compensated absences	31,990	84,031	76,000	40,021
	<u>\$ 6,205,027</u>	<u>1,273,125</u>	<u>1,646,784</u>	<u>5,831,368</u>

Legal Debt Margin

The District's aggregate indebtedness is subject to a statutory limitation by the State of Illinois of 2.875% of its equalized assessed value of \$723,620,217. At December 31, 2022, the statutory limit for the District was \$20,804,081. The District's outstanding debt, net of assets available for bond retirements, was \$5,001,950 leaving a legal debt margin of \$15,802,131.

Non-Referendum General Obligation Bond Limit

The District may issue general obligation bonds without submitting the proposition of the issue in a referendum as long as the aggregate outstanding unpaid balance of bonds and notes does not exceed 0.575% of total assessed value of the District. At December 31, 2022, the statutory limit on non-referendum general obligation bonds was \$4,160,816. The District's outstanding debt for general obligation bonds, net of assets available for bond retirements, was \$896,950 leaving a legal debt margin of \$3,263,866.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

6. EMPLOYEE RETIREMENT SYSTEM

IMRF Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

The District's defined benefit pension plan has two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48.

Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

6. EMPLOYEE RETIREMENT SYSTEM (Continued)

Employees Covered by Benefit Terms

As of December 31, 2022, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	24
Inactive Plan Members entitled to but not yet receiving benefits	70
Active Plan Members	<u>28</u>
Total	<u>122</u>

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2022 was 4.46%. For the fiscal year ended December 31, 2022, the District contributed \$52,614 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The District's net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2022:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.25%.
- **Salary Increases** were expected to be 2.85% to 13.75%.
- The **Investment Rate of Return** was assumed to be 7.25%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.
- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020, was used.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

6. EMPLOYEE RETIREMENT SYSTEM (Continued)

Actuarial Assumptions (Continued)

- **For Disabled Retirees**, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020, was used.
- **For Active Members**, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020, was used.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Return 12/31/2022	Projected Returns/Risk	
			One Year Arithmetic	Ten Year Geometric
Equities	35.50%	-19.12%	7.82%	6.50%
International Equities	18.00%	-17.86%	9.23%	7.60%
Fixed Income	25.50%	-11.83%	5.01%	4.90%
Real Estate	10.50%	12.83%	7.10%	6.20%
Alternatives	9.50%	3.99%		
Private Equity		N/A	13.43%	9.90%
Hedge Funds		N/A	N/A	N/A
Commodities		N/A	7.42%	6.25%
Cash Equivalents	1.00%	3.18%	4.00%	4.00%

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

6. EMPLOYEE RETIREMENT SYSTEM (Continued)

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.05%, and the resulting single discount rate is 7.25%.

Changes in Net Pension Liability

Changes in the District's net pension liability for the year ended December 31, 2022 were as follows:

	(A) Total Pension Liability	(B) Plan Fiduciary Net Position	(A) - (B) Net Pension Liability (Asset)
Balance, December 31, 2021	\$ 5,970,093	\$ 7,428,579	\$ (1,458,486)
Changes for the year:			
Service Cost	93,168	-	93,168
Interest	424,823	-	424,823
Difference between expected and actual experience	103,023	-	103,023
Changes of assumptions	-	-	-
Contributions - employees	-	53,685	(53,685)
Contributions - employer	-	52,614	(52,614)
Net investment income	-	(960,174)	960,174
Benefit payments including refunds of Employee Contributions	(314,095)	(314,095)	-
Other (Net Transfer)	-	16,309	(16,309)
Net Changes	306,919	(1,151,661)	1,458,580
Balance, December 31, 2022	\$ 6,277,012	\$ 6,276,918	\$ 94

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

6. EMPLOYEE RETIREMENT SYSTEM (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Decrease 6.25%	Current Single Discount Rate Assumption 7.25%	1% Increase 8.25%
Total Pension Liability	\$ 7,022,132	\$ 6,277,012	\$ 5,692,757
Plan Fiduciary Net Position	6,276,918	6,276,918	6,276,918
Net Pension Liability/(Asset)	<u>\$ 745,214</u>	<u>\$ 94</u>	<u>\$ (584,161)</u>

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources

For the year ended December 31, 2022, the District realized pension expense of \$100,760. At December 31, 2022, the District realized deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows of Resources
Differences between expected and actual experience	\$ 73,429	\$ -	\$ 73,429
Changes of assumptions	-	-	-
Net difference between projected and actual earnings on plan investments	1,193,444	584,452	608,992
Total	<u>\$ 1,266,873</u>	<u>\$ 584,452</u>	<u>\$ 682,421</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ending December 31	Net Deferred Outflows of Resources
2023	\$ 68,387
2024	136,931
2025	178,742
2026	298,361
2027	-
Thereafter	-
Total	<u>\$ 682,421</u>

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

7. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

The District has evaluated its potential other postemployment benefits liability. The District provides continued health insurance coverage at the active employer rate to all eligible employees in accordance with Illinois statutes which creates an implicit subsidy of retiree health insurance. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. Due to minimal utilization, the implicit subsidy to calculate in accordance with GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (which became effective for fiscal years beginning after June 15, 2017 and replaced GASB Statement No. 45) is estimated to be immaterial to the financial statements. Additionally, the District had no former employees for which the District was providing an explicit subsidy and no current employees with agreements for future explicit subsidies upon retirement. Therefore, the District has not recorded any postemployment benefit liability as of December 31, 2022.

8. CHANGES IN RESTRICTED FUND EQUITY

The District levies taxes for the following funds, which it records in the General Fund. During the fiscal year ended December 31, 2022, the following table shows a summary of the activity associated with these tax levies:

	IMRF	Social Security	Liability Insurance	Audit	Working Cash
Beginning equity	\$ 70,202	216,838	222,332	3,154	48,718
Revenues	156,016	238,741	104,900	14,598	-
Expenditures	(50,958)	(135,647)	(86,191)	(16,500)	-
Excess covered by General Fund	-	-	-	-	-
Ending equity	\$ <u>175,260</u>	<u>319,932</u>	<u>241,041</u>	<u>1,252</u>	<u>48,718</u>

9. RESTRICTED NET POSITION

The following table shows the net position restricted for debt and other purposes as shown in the Statement of Net Position:

Governmental Activities:

Special Revenue Funds	Enabling Legislation	\$ 970,188
Debt Service	Enabling Legislation	292,050

December 31, 2022

10. RISK MANAGEMENT COOPERATIVE

The District is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since August 21, 2015, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program. PDRMA is a public entity risk pool consisting of park districts, forest preserve districts, special recreation associations and certain non-profit organizations serving the needs of public entities formed in accordance with the terms of an intergovernmental cooperative agreement among its members. The following table is a summary of the property/casualty coverage in effect for the period January 1, 2022 through December 31, 2022:

Coverage	Member Deductible	PDRMA Self-insured Retention	Limits	Insurance Company	Policy Number
<u>1. Property</u>

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

10. RISK MANAGEMENT COOPERATIVE (Continued)

As a member of PDRMA's Property/Casualty Program, the Belvidere Park District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the Belvidere Park District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the Belvidere Park District's governing body. The Belvidere Park District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program's balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021. The Belvidere Park District's portion of the overall equity pool is 0.126% or \$71,950.

Assets	\$77,156,496
Deferred Outflows of Resources – Pension	\$871,829
Liabilities	\$19,465,811
Deferred Inflows of Resources – Pension	\$1,466,716
Total Net Position	\$57,095,798
Operating Revenues	\$17,390,850
Non-operating Revenues	\$2,635,445
Expenditures	\$19,688,616

Since 96.36% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Net Position is impacted annually as more recent loss information becomes available.

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022

11. MAJOR TAXPAYER – FCA US LLC

FCA US LLC's assembly plant accounts for approximately 3% of the District's equalized assessed value. The plant's assessed value was approximately \$20,400,000 for tax year 2022. In February 2023, the assembly plant was idled, which will impact the District's future property tax revenue.

12. EXPENDITURES EXCEEDING APPROPRIATIONS

The District's expenditures of \$494,379 in the major Special Recreation Fund exceeded the Fund's appropriations of \$476,877 by \$17,502.

13. SUBSEQUENT EVENTS

The District has evaluated subsequent events through June 23, 2023, which was the date that these financial statements were available for issuance, and determined that there were no significant unrecognized subsequent events through that date.

REQUIRED SUPPLEMENTARY INFORMATION
NOTES TO SCHEDULE OF CONTRIBUTIONS
December 31, 2022

Illinois Municipal Retirement Fund
Summary of Actuarial Methods and Assumptions
Used in the Calculation of the 2022 Contribution Rate*

Valuation Date:

Notes

Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2022 Contribution Rates:

Actuarial Cost Method	Aggregate Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	Non-Taxing Bodies: 10-year rolling period, Taxing bodies (Regular, SLEP, and ECO groups): 21-year closed period
	Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI.
	SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 16 years for most employers (five employers were financed over 17 years; one employer was financed over 18 years; two employers were financed over 19 years; three employers were financed over 25 years; four employers were financed over 26 years; and one employer was financed over 27 years).
Asset Valuation Method	5-Year smoothed market; 20% corridor
Wage Growth	2.75%
Price Inflation	2.25%
Salary Increases	2.85% to 13.75% including inflation
Investment Rate of Return	7.25%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.
Mortality	For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables were used, and future mortality improvements were projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables were used, and future mortality improvements were projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables were used, and future mortality improvements were projected using scale MP-2020.

Other Information:

Notes

There were no benefit changes during the year.

**Based on Valuation Assumptions used in the December 31, 2020 actuarial valuation.*

BELVIDERE PARK DISTRICT, ILLINOIS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
December 31, 2022

LEGAL COMPLIANCE AND ACCOUNTABILITY

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted (at the fund level) for all the funds on the modified accrual basis with a line items basis by fund. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- A. The District Executive Director submits to the District Board a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- B. Public hearings are conducted to obtain taxpayer comments.
- C. Prior to March 31, the budget is legally enacted by District Board action. This is the amount reported as original budget.
- D. The District Board is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total appropriation of any fund must be approved by the District Board as a supplemental appropriation ordinance.
- E. Budgets are adopted and formal budgetary integration is employed as a management control device during the year.
- F. All budgets for these funds are adopted on a basis consistent with generally accepted accounting principles.
- G. Budgetary authority lapses at year-end.
- H. State law requires that "expenditures be made in conformity with appropriations/ budget." As under the budget act, transfers between line items, departments and funds may be made by administrative action. The final budget reflects all amendments made. The level of legal control is at the fund level.
- I. The District's expenditures exceeded appropriations in the Special Recreation Fund as follows:

	<u>Expenditures</u>	<u>Appropriations</u>	<u>Excess</u>
Special Recreation Fund	\$ 494,379	476,877	17,502
	<u>\$ 494,379</u>	<u>476,877</u>	<u>17,502</u>
