Behavior Management Policy

All participants are expected to exhibit appropriate behavior at all times.

The following guidelines have been developed to help make children's programs safe and enjoyable for all participants. Additional rules may be developed for specific programs as deemed necessary by staff. The Park District insists that all participants comply with a basic behavior code. All participants shall

- Show respect to all participants, staff, and volunteers. Participants should follow program rules and take direction from staff.
- Refrain from using abusive or foul language.
- Refrain from threatening or causing bodily harm to self, other participants, or staff.
- Show respect for equipment, supplies and facilities.
- Not possess any weapons.

A positive approach will be used regarding discipline. Staff will periodically review rules with participants during the program session. If inappropriate behavior occurs, a prompt resolution will be sought specific to each individual situation. The Park District reserves the right to dismiss a participant whose behavior endangers his or her own safety or the safety of others. If undesired behavior outcomes require a disability-related accommodation, the parent/guardian must request reasonable accommodations before participation. All accommodations will be made on a case-by-case basis. Contact the Special Recreation Manager at 815-547-5711 x600 to begin the accommodation process.
